

AUTOSOLVE PRESS WASH AF55

Aromatic Hydrocarbon-Free Ink Cleaning Solvent for Printing Inks

DESCRIPTION

An Aromatic Hydrocarbon-free ink cleaning solvent designed for cleaning screens during breaks in printing, or for 'opening' fine detail that has dried in the screen.

The product will dissolve a wide range of common screen printing inks, and will evaporate quickly to allow re-start of printing.

Autosolve Press Wash AF55 is recommended for screen cleaning after printing if the screen is to be stored and used again since it contains no surfactants and will not leave a residue on the screen.

The product has low flammability, low volatility, is readily biodegradable and contains chemicals less harmful to operators than traditional cleaning solvents.

Applications

- These products will dissolve a wide range of screen printing inks and can be used for either manual on-press cleaning through to use in fully automated screen cleaning equipment.
- The AF range contains chemicals less harmful to operators than traditional cleaning solvents.

READ ENTIRE TECHNICAL DATA SHEET BEFORE USING THIS PRODUCT

FEATURES & BENEFITS

- Universal screen cleaning solvent for use in automatic cleaning machines.
- Aromatic Hydrocarbon-free.
- Flash point of 55 °C (131 °F)
- Suitable for a wide range of ink types.
- Safer than 'traditional' screen cleaning solvents.
- Improved print shop environment.
- Effective on a wide range of ink types allowing only one solvent to be used.

WORKING INSTRUCTIONS

To wash screens during a break in printing, or prior to storage of screens

Remove excess ink with a spatula or card. Apply Autosolve Press Wash AF55 to both sides of the screen using a lint-free tissue or rag, wiping ink residues until clean.

To 'open' fine detail and dried in ink

Wipe image area of screen with a lint-free tissue or rag wetted with Autosolve Press Wash AF55. Wipe with a dry tissue, or allow solvent to evaporate before commencement of printing.

For more information on how to use MacDermid Autotype products, go to the How to Guide section at macdermid.com/autotype.

SHELF LIFE & STORAGE

Autosolve Press Wash AF55 should be stored between 0 to 30 °C (30 to 86 °F). Do not heat.

Shelf life at these conditions is two years.

PACKAGING

Autosolve Press Wash AF55 is available in trade packs of 6 x 1 Litre, 2 x 5 Litre, 1 x 25 Litre and 1 x 210 Litre.

SAFETY & WARNING

MacDermid Autotype recommends that the company/operator read and review the Safety Data Sheets for the appropriate health and safety warnings before use.

Safety Data Sheets are available from MacDermid Autotype.

WASTE TREATMENT

Prior to using any recommendations or suggestions by MacDermid Autotype for waste treatment, the user is required to know the appropriate local/state/federal regulations for on-site or off-site treatment which may require permits. If there is any conflict regarding our recommendations, local/state/federal regulations take precedent.
