

Print and Peel

Print and Peel Protective mask

Print and Peel offers a cost effective and easy method for protecting sensitive surfaces from scuffs, scratches and contamination during manufacturing processes.

Print and Peel

Is a water based varnish that can be applied to a wide variety of materials through screen printing or coating processes. After drying, it can be easily removed when required for the application. Print and Peel is specifically designed for use with MacDermid Autotype Industrial Film products for protection of window areas in manufacturing.

Designed characteristics:

- Printable, convenient and easy to use
- Water based, non hazardous, environmentally friendly
- Easy clean up
- Can be removed in a single sheet by peeling back from the substrate
- Leaves no residue
- Blue tint to indicate presence visually

Protection on a wide range of substrates including
Polyester
Polycarbonate
Glass
PVC labels
Graphic inks
